

A Passion for Excellence
At
Holy Trinity

This September, Holy Trinity School, opened with a passion for excellence! Excellence is defined as a superior, first-class performance. A wise person once said: “Excellence can be attained if you risk more than others think is safe, care more than others think is wise, dream more than others think is practical, expect more than others think is possible.”

Holy Trinity School is about giving children that something more. Holy Trinity provides more than an excellent education for a child’s mind; it provides an excellent education for the whole child – mind, body and soul. Holy Trinity provides not only a value – based education; we also provide a virtue – based education; at Holy Trinity we ask for more than academic credentials from our teachers; we ask them to live lives that reflect Jesus in whose name every catholic school teacher teaches.

In addition, Holy Trinity teaches more than the curriculum mandated by New York State, we teach a curriculum which integrates thinking and believing in ways that encourage intellectual growth, nurtures faith and inspires action. We provide more than a safe environment in which children can learn, we provide an environment permeated with the Gospel of love and freedom.

The mission of our school is to bring the person of Christ to all our children, in all facets of their education. Every day we strive to achieve our goal, excellence in Christ is our standard and quest – our children deserve no less!
